Hunting Property

This 35 acres more or less is nearly all timber. Big Indian Creek runs through the property and is surrounded by hardwood timber. This property is a great, smaller recreational piece of property, whether for deer and turkey hunting, camping, ATV riding, or just to enjoy nature. These smaller tracts are very hard to come by, and this one offers a little bit for everyone.

Approximately 7 miles east of Mt. Sterling

Water and electric are both on the property.
