This one of a kind home has the convenience of city living in the front, with a country feel in the back! With 2,416 square feet, the possibilities are endless! The kitchen has an ample amount of cupboard and counter space, and there is plenty of room to entertain with the large living room, formal, and informal dining areas. The living room and formal dining room opens up to a large deck with wall to wall windows! The master bedroom features his and her walk in closets and a master bath. There are two additional bedrooms, bathroom, and laundry room on the main level. The full basement has an additional bedroom, bathroom, family room, and tons of storage space. They've truly thought of everything when building this home because around every corner there's even more closet space! This home offers many beautiful features, while still giving you the opportunity to make it your own, without losing any of the executive feel!
